269 Purok 2 Bulacnin, Lipa City,  
Batangas 4217

## OBJECTIVE

A graduating Computer Engineering student with a strong foundation in hardware-software integration, programming, and system design. Proficient in multiple programming languages and passionate about developing innovative solutions in technology. Equipped with analytical problem-solving skills and a keen interest in optimizing systems for efficiency and performance. Eager to apply my knowledge and skills in a professional environment, contributing to the success of a dynamic company while further enhancing my expertise.

## TECHNICAL SKILLS

- Knowledgeable in programming languages such as **C++, CSS, HTML, Java**, and **Python**.
- Familiar with scripting languages like **JavaScript**.
- Basic understanding of **MySQL** for database management.
- Flask Framework, API, and AJAX

## TERTIARY

STI LIPA COLLEGES  
*Bachelor of Science in Computer Engineering*  
2021 - 2024  
**Full Academic Scholar**

## INTERNSHIP

### TAISEI ELECTRONICS (PHILIPPINES) INC.

Blk. 21 Lot 6 Melchora Aquino St., LIMA Technology  
Center, SEZ, Lipa City, Batangas  
January 2025 - Present

**Position: Data Developer Support**

## ROLES AND RESPONSIBILITY

- Collaborated with a team to develop two internal software systems: a web-based purchasing and inventory platform, and a charge sales invoice application.
- Led front-end development using HTML, CSS, and Javascript, ensuring intuitive and responsive user interfaces.
- Coordinated with stakeholders to gather requirements, analyze manual processes, and translate them into digital workflows.
- Cleaned and prepared Excel datasets by removing duplicates and irrelevant entries for system integration.
- Contributed to backend integration using a Flask-based API and MySQL for server-side functionality and background task management.
- Developed and deployed a sales invoice system using Python and MySQL, integrated with a custom-built front end.
- Enhanced operational efficiency by automating key business processes and reducing manual workload

## WORK EXPERIENCE

### Golden Achers Corporation - Mcdonalds

**Service crew - Working Student**

February 2022 - June 2023

### Project Fit PH

Health Data Analyst - **Working Student**

January 2024 - December 2024

## IMMERSION

### CREOTEC PHILIPPINES INC.

**Lipa City Batangas**

January 2019

**Position: Production**

## CERTIFICATION AND SEMINARS ATTENDED

- Technology / IT - December 2024
- Life Skills for Personal and Professional Development (FLIPS SKILLS) - December 2024

### AWS ACADEMY

AWS Academy Cloud Foundations  
November 11, 2024
